### **Clay Art Center Artist Program**

Clay Art Center was created to be a thriving home for the ceramics community. Today, that vision is a reality—our Clay Art Center Artist Program provides access to affordable studio space for over 50 ceramics artists and ensures that they have access to the tools and facilities they need.

Each artist is juried in by a peer committee, and once they join, they share in studio responsibilities. These Clay Art Center artists are at the very heart of our community and are creating the incredible art you can find in our Shop, and beyond.

### **Clay Art Center Gallery Mission**

Clay Art Center Gallery provides a platform for emerging and established artists to explore a wide range of topics that address materials, processes, and techniques, and to engage in critical dialog through clay. We are committed to exhibiting a wide variety of work representing diverse backgrounds, and we support our artist and student communities through gallery programming opportunities.
